The A.D.L. B'nai B'rith Conspiracy In Action

. . .

The Anti-Defamation League of B'nai B'rith is often referred to as the "Jewish Gestapo." On the surface it operates as a good-will agency furthering brotherhood. This program is their entering wedge into schools, colleges, universities, libraries, unions, factories, and Christian Churches where they carry on a brain-washing program.

The A.D.L. agents force themselves into committees such as American Legion and anti-Communist movements where possible; they cleverly neutralize the committee so that nothing effective is accomplished. To cover up and make themselves acceptable in such groups, they have now, the last two years, publishd some milk-toast anti-Communist leaflets. For 35 years, while Communism directed by Jews swept the world, they did not print one word against it in their official publications, B'nai B'rith Messenger, but smeared everyone who fought Communism, and still do today. This includes such as Senator Jos. Mc Carthy whom they refer to as "fertilizer". The B'nai B'rith is the backbone of the Marxist plot in the United States.

The A.DL. boast they have 25 regional offices in the United States, and A. D. L. Committee of snoopers in 2000 lodges. Under the name of Joint Defense Appeal, the ADL. and American Jewish Committee are now conducting a campaign for six million dollars to finance these snoopers who oppose Congrssional investigations of Communism. Each year they conduct a newspaper campaign in the cities for a fund from 5 to $7,000,000 under the head of "tolerance",

programs laid down by members of this Soviet conspiracy are still in effect within our government and constitute a continuing hazard to our national security."

Admiral Robert B. Carney, U.S. Chief of Naval operations said, "The Soviet Union has been steadily building up her naval power throughout the world and in event of war, Soviet submarines could give the American fleet serious trouble."

We should double our military effort now or risk the program of simple annihilation, Soviet leaders have in store for any defeated America.

We find the Soviet Union's intentions in the writings of Lenin, Lenin said the two systems could not exist side by side and that eventually the communist state would have to attack and destroy the capitalist nations or be destroyed itself.

Stalin said the same thing and present leaders repeat it. We must remember the whole concept of war has changed with A-bombs and H-bombs. Now is the time for us to get ready by destroying all these

HUMAN TERMITES

by
Carl M. Adams

The fact Webster's dictionary says, "a termite is an insect allied to the ant in habits but not in structure, and the ant is a small social insect," gives us a good discription of our human termites, the communists, who try to influence our teachers, labor unions, churches, and who have spy rings inside our government.

Our own Senate Internal Security Subcommittee has published a full report which informs us eighty-two educators refused to answer questions about their communist affiliations, forty of these had connections with sixteen universities.

On October 6, 1953, the Florida Supreme Court ruled that calling a man a communist in public is slanderous because it charges a man "with having a loathsome state of mind." The Court's opinion, written by Justice John E. Mathews, said it was not necessary to rule whether calling a man a communist charges him with a criminal offense, "but it certainly charges him with having a loathsome state of mind or loathsome ideas which are communicable."

In the report of the Internal Security Sub-committee we are told, "policies and

EGYPT'S MASONIC ORDER DISSOLVES JEWISH LODGES

This article is reproduced from the front page of the Calif. "Jewish Voice" Oct. 21st, 1955. The Egyptian & Arab Masons realize that the Jewish Masons are plotting to capture the Government. Here in the U. S. the B'nai B'rith are the Jewish Masons.

LONDON (JTA)—The Grand Masonic Lodge of Egypt and the Arab countries has taken a decision to dissolve all local Jewish lodges "in conformity with the Arabs' aspirations,' 'it was reported here by the Reuter news agency here.

The Grand Lodge also passed a resolution supporting the policy of the Egyptian Government for arming the country. The Grand Lodge condemned "Zionism, imperialism and their agents."

Communism In The Entertainment World

Controlling the vast media of propaganda and entertainment are the Jews, who use these media--radio, television, and the motion pictures--to practice an unceasing suppression and boycott of Anglo-Americans, as they do in all their business pursuits. These Jews in positions of high influence boycott Anglo-American musical groups, composers, concert artists, dance orchestras, and vocalists. Noteworthy are the boycotts of Vaughn Monroe and Bing Crosby. Only their Latin tempo's might be heard. In motion pictures, no Anglo-American, particularly blond, is given a leading role, unless that role is one of villainy or folly. Jews are masters of deception, and their techniques of casting Anglo-Americans particularly blonds, in radio, television, and the motion pictures, in unsavory, ridiculous, and subordinate roles, revealing a sinister intent in racial defamation, deserves study and exposure. (Note Dragnet, for one.) For Jews are the writers and producers of America's entertainment, the magnates of the great media of communication.

Taking Anglo-American names, these artists of duplicity and cunning veil the truth of their domination in entertainment, business, and finance. For Anglo-Americans they bear a secret and relentless hostility, especially toward the fair, blond type of us. In television we have the Jews in all their omnipresent superior and sensuous blatency, (there are few programs they do not monopolize); we have the boycott of Anglo-Americans in the purposeful scheming of the emboldened Jews who are well assured of their supremacy and power here. As they dominate in business and finance, so they have solidified their parasitic power in the profitable sphere of entertainment. Note them--relieved by no outstanding vital Anglo-American personality: Berle, Marx, Dave Garroway, Herb Shriner, Edward G. Robinson, the Goldbergs, Sid Caeser, Jack Benny, Coca, Gobel, Fisher, Buttons, Lawford, Zabach, George Jessel, Eddie Cantor, Larry Adler, Lauran Bacall, Leonard Bernstein, Humphrey Bogart, Millen Brand, J. Important

We have been informed that some persons feel the article by Benjamin H.Freedman which appeared in the Sept. 15th issue of this publication is an article which appeared previously in the New York Herald Tribune. We hasten to correct that impression. The article by Benjamin H. Freedman never appeared in the New York Herald Tribune. The facsimile masthead of the New York Herald Tribune of May 9, 1946 and the facsimile reproduction of the headline "Will American Blood Flow in Palestine?" in our Sept. 15th issue recalled Benjamin H. Freedman's full-page warning then, paid for by him.

The article appearing in the September 15, 1955 issue of Common Sense was written by Benjamin H. Freedman shortly prior to its publication in that issue of Common Sense, and expressly for publication in Common Sense. The article by Benjamin H. Freedman appearing in the September 15, 1955 issue of Common Sense never appeared in any issue of The New York Herald Tribune, and obviously could not have appeared in the May 9, 1946 issue of The New

which is in addition to the millions spent by other agressive Jewish groups. The American Jewish Yearbook states there are 300 Jewish organizations in the United States, they are the main supporters of the move to set up World Government.

We have printed material in which these Jews boast that they write the speeches for the Christian Chaplins of the American Legion. They also rejoice that they influence hundreds of Protestant and Catholic schools and colleges, and that ten thousand Christian ministers read thir propaganda. The ADL is the fountain for Marxist brainwash--it is they who cunningly select the presidential candidates of both parties and finance smear campaigns against state and county candidates who will not submit to their dictates. The ADL is the mysterious power behind the White House brain trust.

These three, Maxwell Rabb(Rabinowitz), secretary to the Cabinet, Isaac Jack Martin and Murry Snyder, have been placed in the White House to observe and report every move. The A.D.L. is the Invisible Government.

Those who wish to know what the ADL is, we urge them to read the 44-page booklet prepared by Major Robert H. Williams, former Counter intelligencc officer. The title of this book is, THE ANTI-DEFAMATION LEAGUE AND ITS USE IN THE WORLD COMMUNIST OFFENSIVE.

Why Are They Hiding?

In Legislative Index in New Jersey, Issue dated Friday June 17th, 1955 listing bills introduced in the Legislature on page 827 the following is listed:

Assembly 112 Newton Jan. 24 - Requires the State or local, registrars, when furnishing birth or marriage certificates where a legal change of name has taken place, to show only the new name, unless a court of competent jurisdiction orders the issuance of a copy of the original.

April 4 - Passed in Assembly
May 16 - Passed in Senate.

Apparently this is the result of pressure by the American Jewish Congress and Anti-Defamation League which are a powerful, political force in New Jersey. During the Roosevelt Administration organized, political Jews caused the Immigration Department to change their ruling, where Immigrants were asked if they were Jewish or Hebrew. Hence, for a number of years, Immigrant Jews pouring in from Europe are listed as Polish, Hungarian, German, etc. Lately Jewish Organizations have filed protest with the Census Bureau against asking people's religious belief. In this way, due to the fact that the Jews practically control the Immigration machinery, Jews are preferred, and come in under the quota from the Country they are leaving and naturally use up a big percentage of the quota. Hence, non-Jews are at a disadvantage in coming to the United States. Jews apparently do not want it known that their are approximately twelve million Jews in the United States and not as they claim - "over five million". They do not want it known that the six million Jews they claim were killed in Germany are here in the United States, many of them in JEW YORK and JEW JERSEY.

It is likely that such a bill as passed by the New Jersey Legislature, has been or will be introduced in all States where the Jews have sufficient political pressure. Jews who have reason to change their names want to make it difficult to be identified as Jews.

"Common Sense" has a copy of a letter by the Anti-Defamation League to all Police Departments of the United States in which they protest the custom of stating the Nationality of wanted criminals. The Anti-Defamation League has stopped, almost entirely, newspapers from listing a Communist's real Jewish name where he now is using a non-Jewish name.

12 October, 1955

Mr. Henry E. Schultz.
National Chairman
Anti-Defamation League of B'nai B'rith
205 East 42nd Street
New York 17, N. Y.

Dear Mr. Schults:

Your letter of 4 October, 1955 with enclosures received and I want you and your organization to know that I forcefully resent what you have said or implied.

First, I want to make it clear that I am not, nor have I ever been, anti-Jewish. I have many Jewish friends throughout this country, who are loyal honest Americans.

As for your use of the meaningless expression "anti-Semitic" it makes no sense. According to the dictionary, the word Semitic pertains to the descendants of Shem which includes Assyrians, Hebrews, Phenicians, Arabs, Abyssinians, etc. It also pertains to the Semitic languages collectively. Therefore, how any one person or group of persons could be anti-Semitic is beyond my understanding.

Who are you and your organization to tell me what I should read and what I should recommend other loyal American citizens to read? And, by the way, just what is the purpose of your organization?

Not until I read John Beaty's book "The Iron Curtain Over America" did I learn what was going on back in The United States of America while I was overseas fighting for my country.

I think every loyal citizen of our country whether he be Protestant, Jew, Catholic or Mohammedam should read "The Iron Curtain Over America". I do not consider that book anti-Jewish in any sense of the word. In fact, I consider it a defense of all loyal American Jews and every Jew that loves these United States of ours should read it.

What connection exists between Mr. John Beaty and Mr. Gerald K. Smith I have no knowledge as I do not know either gentlemen. I did authorize Mr. Beaty to use my letter to him and that is no one's business but my own.

When The United States of America reaches the point where a citizen cannot read what he desires to read and to recommend such reading to others then we will have reached the status that exists in Soviet Russia. But, THANK GOD, we are still free men in America. As I interpret your letter your organization would have the people read only what you think should be read and recommended to others. This I resent as a free American citizen.

I do not understand what you mean by your statement "We do not propose to burden you at this point, etc." Is this a veiled threat to my free expression and thoughts? If so, this I also resent.

Your letter is the most outrageous communication I have ever received in my life and I intend to give it the widest possible publicity, including my many Jewish friends.

Sincerely,

Geo. E. Stratemeyer

The IRON CURTAIN OVER AMERICA

Why are so many of our top government officials willing to send native American boys to fight Communism in Asia but are hostile to those who actively oppose Communism in this country? What close connection existed between Alger Hiss and our present Secretary of State?

Do you know why the strategically important and oil-rich Middle East, friendly for a hundred years, is now inflamed at our government?

The West is failing—not from the decline of material power but from the loss of a Spiritual unity based on the acceptance of some form of Christianity. Is there a relation between this loss of Spiritual unity and the infiltration of the governments of the West by members of a powerful international non-Christian minority?

After reading the IRON CURTAIN OVER AMERICA, you will know the answers to the above and hundreds of similar questions.

Col. John Beaty

THE AUTHOR

A veteran of World War 1, John Beaty served nearly five years in World War 11 with the War Department General Staff. He wrote military studies, edited the daily intelligence summary, and headed important sections in the Military Intelligence Service. He left the service with the rank of Colonel.

With his established reputation as a scholar and an author, his familiarity with foreign lands and languages, and his work as a liaison officer between Army intelligence and other government departments and agencies, Colonel Beaty was uniquely prepared for the post-war research which led to the writing of the Iron Curtain Over America.

HUMAN TERMITES

(Continued from Page 1)

human termites in the U. S. They can do too much harm if left to roam where ever they desire. These termites can be destroyed once they are detected, and this is why every freedom loving American should join hands in this fight.

The problem of discovering new methods to combat these human termites must be shouldered by each citizen, as well as our officials in government. If Congress will change the law so our officials can deal with some of these termites, we will get more convictions and not so many standing on the fifth amendment and refusing to testify.

The terror of communist police tactics was shown in Guatemala. Many citizens were arrested and taken to civil guard headquarters where they were tortured.

Slavery has in past history been overcome by mankind in an effort of mankind to better itself. Taxation without representation was a form of slavery our forefathers resented enough to sign the Declaration of Independence.

One of the reasons a ruthless police state like the Soviet Union is a failure, is because of the fact the peasant farmers cannot meet the heavy tax requisition of the Kremlin. They have no representation themselves as to what their taxation shall be.

The human termites in the Kremlin will not permit a collective farm to own tractors and other farm machines. The Kremlin then requisitions the collective farm for the use of the land, the tractors and the farm machines, the largest percentage of the crops. The peasants who are doing the work will get from $300 to $500 for their year's work, if it is a good year, but if it is a year of drought and the production is low, the Kremlin gets the amount specified in the requisition which is based on a crop year without drought and the peasants get practically nothing for their work.

This is taxation, without representation, by the human termites in the Kremlin and these some one hundred millions of peasants resent this. These peasants are the ones we can expect to help us, when they get the opportunity.

They resent these human termites, who are taking from their families the things they need and giving nothing but communist lectures for it. Very, very few of these one hundred millions of peasants are communists or even have been members of the communist party.

Mankind everywhere has shown in past history that they will fight for more to eat. It is the first law of nature. These peasants will be our friends if given a chance.

What shall we do to help them? We can spend some more dollars to advertise our way of life to them, the advantages of a Republic over the communist viewpoint. We can find ways, if we try hard, to show them a better life ahead and help them to throw off the yoke of the human termites in the Kremlin.

When we take into consideration that the Kremlin had to place members of the communist party, from the cities, to oversee the collective farms, we are assured our allies, the Russian peasants, are not members of the communist party. They are our strength behind the iron curtain. These peasants are like our forefathers demanding in thier hearts a correction of taxatiaon without representation.

It is true that few can do or say anything at present for the reason they live in constant fear of the police, but we can be sure they are looking forward to the day when they can throw off the yoke of the Kremlin and be free, and farm in freedom instead of farming as slaves.

Of all the vast areas of the world that are plagued by hunger and misery, the Soviet Union and China have probably the most hunger and misery. For this reason the day will come before any A-bomb or H-bomb is used, when these millions of peasants, hungary for food, will assert the principle of fighting taxation without representation, just as our forefathers did. They will succeed because of their numbers and because they are right.

To help them to do this, we should let them know without any doubt, that we are their friends, that we fight their battle with them, that we will support them in every way possible.

We have spent billions fighting the cold War which continues and will continue until these peoples of the Soviet Union and China have freedom.

There will be purges and more purges in the Soviet Union and China, and at last the peasants will purge the termites, who have made them slaves to a police state, and replace with leaders who will benefit their country and mankind everywhere in the world by a representive form of government of the people, by the people, for the people.

But we cannot forget that some of these worthless termite leaders, in order to hold on to a falling police empire, may take us into WAR. Therefore we must be prepared. The new look into defense must take into consideration they may not use the A-bomb or the H-bomb because they are afraid of what we will do to retaliate.

Do we have trained manpower to defend ourselves? Do we have enough to whip them without using the A-bomb or the H-bomb?

The more we study this communist problem, the wider our scope of thought and the stronger our will. We must not back away from this problem in fear and misgiving, but face it in an active way. We must not forget the rank and file of Russian and Chinese People. They suffer because of these human termites, and when we ostracize the lawless regimes of Soviet Russia and Red China, we can help free these millions of people.

They will help us, as our allies, these enslaved peoples of Europe and Asia, and will assist us to make a real peace on earth and bring more good-will toward all mankind.

Communism In The Entertainment World

Benny Goodman, Ben Hecht, Danny Kaye, Oscar Hammerstein, Larry Parks, Sylvia Sidney, Gregory Peck, Arthur Schwartz, Artie Shaw, and many others, whose flamboyant talents are daily acclaimed by the Jewish columnists. Relieved by none but the Jew-directed Sullivan, Hope, and Godfrey, who dare not deviate from Jewish, Negro, and foreign preferences.

And how these Jews "plug" each other and play upon the sympathies and credulities of American audiences! To dissipate the prestige and influence of Anglo-Americans, and deny us the highly lucrative positions, to advance the prestige of Europeans, but their own above all, is the avowed aim of these Jews-in-power; power and riches they acquire by the practice of a close, un-American clannishness, the exploitation of human labor, and by business methods undeterred by Christian scruples. Herein is the menace of the Jews in Christian nations. Ours is a Jewish culture, and with a vengence Jews set themselves against any manifestation of a modern Anglo-American culture. For they subscribe to and benefit little that is Anglo-American, and that little with calculation. In business we Anglo-Americans suffer the boycotts that Jews everywhere impose. Their crafty, calculated techniques are hate-and greed-inspired. Using their control of radio, television, and the motion pictures to cry their tireless injunctions against what they term "racial hatred" and "religious prejudice," which they practice unashamed, they have well conditioned the American mind-- the Christian mind-to be ashamed to critize these reprehensible people and their irresistible inroads in America.

Jews, intensely race-conscious, think alike, are craftily and exactingly retaliative, spurning Christian tenets, as Judaism sanctions. Jews everywhere act in an uncannily tacit unison against Anglo-Americans. We should know what Talmudic Judaism teaches regarding Christians; we should make common knowldge the perfidious Protocols of the Elders of Zion. These revelations are stunning! Christians cannot cope with a people so intuitively secretive and anti-Christian, and of so guardedly vengeful a spirit. Jews taint our Christian holidays with a cunning suppression of our Savior, whom they deride, and shamelessly commercialize these seasons of our worship.

To return, I ask you to make your own study of radio, television, and the motion pictures, also the increasingly Jewish-edited newspapers and magazines. Where Jews do not gain ownerships they get into key positions in every American enterprise and use their influence ever for Jewish ascendency and, surely, Anglo-American adversity. For suppression and boycott are inherent in Jewish nature. No wonder history records a cyclic ostracism of Jews.

Now, I preach no wicked gospel of hate, a disabling emotion that impairs the vital functions of the body. I only want you to see what the Jews are doing in America, and to urge you to morally support and patronize ourselves in every sphere of American endeaver. Write your letters of encouragement. Inform others. The world of entertainment is so controlled by the Jews, who with their Jewish, and generally foreign preferences, seize the highly paid positions and the nationwide popularity to the deliberate exclusion of Anglo-Americans, for whom their secret contempt and hostility are undying.

Pursuing political power in New York State, their stronghold, Jews vote in unison. The Attorney General, head of the Department of Law, **must be a Jew.** Javits, who succeeded Goldstein, a Jew in office since 1946, is a devout practitioner of the cunning craft of the American Jew. All his appointees are Jews, and Jewish interests are readily furthered in the New York State Department of Law. Now, Jewish propaganda proclaimed Hitler a "monster," a "madman." That six million Jews were killed by him. There were half a million Jews in Germany, yet they control that country financially and culturally. No, ruthless though he was, Hitler was an acutely discerning leader, who knew that a Jew is basically a Jew, and that a Christian population is a fertile field for the expansion and power of Jewry. Today, a decade later, the Jews who control the playing of the classics as well as popular music in America, effectually boycott the immortal music of Bach and Mozart, German composers, sparing only Mozart's Latin titles, to lull the suspicion of boycott. Unfortunately, MacDowell, Anglo-American composer, wrote no Latin tempos, and his beautiful music is almost never heard. Not where Jews staff radio and TV stations anyway. But these Communist-minded Jews frequently play the Russian composers.

I advocate no hate, but Anglo-American unity. Unity is the only alternative to wrest a dictorial power from the Jews in America. Remember, the acquisitive instinct, dominant in Jews, is not held in check by Christian scruples, because the Jew rejects Christianity. His creed is wholly selfish and retaliatory: "An eye for an eye--"

Why have successive generations of men sustained the centuries-old condemnation of the Jews, that parasitic and Anti-Chritian people. Is it not because the Jews' unchanging selfish deceitful, anti-Christian codes of behavior have brought upon them this universally deserved condemnation? Can you doubt that the Jews' influence in America is a remorseless influence against Christianity as well as anglo-Americans?

Will you help restore anglo-American prestige, influence, culture, and prosperity?

York Herald Tribune, the date on the facsimile masthead reproduced in the September 15, 1955 issue of Common Sense. We regret any readers of Common Sense or The New York Herald Tribune, were led to believe the article by Benjamin H. Freedman appearing in the September 15, 1955 issue of Common Sense, had at any time appeared in The New York Herald Tribune. That was never anyone's intention when arranging the layout.

The readers of Common Sense and The New York Herald Tribune, and Mrs. Helen Rogers Reid must realize the views of The New York Herald Tribune and Mrs. Helen Rogers Reid do not represent the views of Benjamin H. Freedman, Conde Mc Ginley or Common Sense on the subject matter in question, and visa versa. If they do not realize that, Benjamin H. Freedman, Conde Mc Ginley and Common Sense wish to go on record now to that effect. Prior to publication of this explanation, Mrs. Helen Rogers Reid complained that her name was mentioned in the September 15, 1955 issue of Common Sense without her consent, and contrary to her wishes, assuming that her consent to the use of her name had been requested in advance, which is correct. Mrs. Helen Rogers Reid did not feel this way about Benjamin H. Freedman during the years 1946-1948 when he was paying substantial amounts to her newspaper for full-page insertions explaining the equities of the Palestine situation to the readers of The New York Herald Tribune.

The full-page insertions in Mrs. Helen Rogers Reid's newspaper were made after personal consultations between Benjamin H. Freedman and Mrs. Reid, when reproduction proofs were submitted for approval to Mrs. Reid by Benjamin H. Freedman. Before publication in The New York Herald Tribune of these full-page insertions they were submitted to her attorney by Mrs. Reid for their consideration. They unquestionably indicated their approval for publication otherwise Mrs. Reid would not have published them at frequent intervals over a period of almost two years.

Unquestionably due to pressure by their important pro-Zionist large department-store advertisers, and other pro-Zionist pressure groups in a position to influence advertisers, according to Benjamin H. Freedman, who had close contacts with The New York Herald Tribune's executives during this period, Mrs. Helen Rogers Reid's newspaper in 1948 refused to published any further full-page insertions prepared by Benjamin H. Freedman dealing with the Palestine question. However, The New York Herald Tribune continued to publish full-page insertions. Benjamin H. Freedman, Conde Mc Ginley and Common Sense take this occasion to express their regrets that her name appeared in Common Sense, and hope that it did not cause her too much embarassment, or the loss of any advertising revenue from Zionist advertisers or loss of readers for her paper.

Benjamin H. Freedman, Conde Mc Ginley and Common Sense did not seek or obtain the consent in advance of The New York Herald Tribune for the facsimile reproduction of their masthead. The masthead of The New York Herald Tribune is a registered trade-mark, as indicated on the facsimile reproduction which was published in Common Sense. The New York Herald Tribune complains that their consent was not obtained in advance, and that if requested they would not have granted permission to reproduce it. Leading newspapers do not object to reproduction of their mastheads under similar circumstances and where the copyright owner is clearly indicated. This occurs thousands of times each year throughout the nation in leading newspapers and magazines. Why today the New York Herald Tribune feels uncomfortable is that every Zionist department-store advertisers may feel the newspaper gave its consent, and they may retaliate in resentment when allocating their advertising appropriations among New York City newspapers. There was no desire or intention on the part of Benjamin H. Freedman, Conde Mc Ginley or Common Sense to bring down the wrath of their Zionist advertisers upon The New York Herald Tribune. This same attitude by interested parties applies also to the reproduction in Common Sense of the headline "Will American Blood Flow in Palestine?" reproduced in the September 15th issue.

Benjamin H. Freedman, Conde Mc Ginley and Common Sense ask the readers of Common Sense, the readers of The New York Herald Tribune, Mrs. Helen Rogers Reid, and any others who may have misunderstood, to now accept recital of this additional information as a complete disavowal and disclaimer of any implication that The New York Herald Tribune, or that Mrs. Helen Rogers Reid have associated themselves in any way with Benjamin H. Freedman, Conde Mc Ginley or Common Sense in the preparation of the contents of the September 15, 1955 issue of Common Sense. We regreat that any of our readers, or the readers of The New York Herald Tribune or any others, came to this incorrect conclusion as a result of the use of Mrs. Helen Rogers Reid's name, the facsimile masthead of The New York Herald Tribune, and the headline "Will American Blood Flow in Palestine?" in the September 15, 1955 issue of Common Sense. We trust that this explanation will "keep the record straight", so far as all interested parties, or others, had any basis for criticism.

Do You Realize?

The following thoughts are from a foreign reader.

1- That only 6% or around thirteen million out of two hundred million in U.S.S.R. bear Communist party cards and for perhaps half of these it is involuntary;

2- That only about 3% of the population, the Jewish Khazar minority and a few Chinese and other Asiatics, control the Government and Civil Service of U.S.S.R.:

3- That between 80% and 90% of the Russian masses are Anti-Communist;

4- That the Russians fear the overlordship by millions of Chinese, who may be immigrated to various parts of Russia, and forced on Russian women;

5- That already there are large colonies of Chinese planted in S. E. Europe, and Chinese men have been forced on the German women and girls of one province in East Germany, while their husbands and sons were deported to slave labour, so the mongrelization scheme of Rabinovitch is not an "evil Fascist invention," or a "pipe-dream";

6- That in 1941-42 two million of the best trained, best equipped troops of the Soviet Union, — approximately 75% of the Russian Battalions — surrendered **without fighting,** and with all their equipment, to the Germans, in order that they could assist in overthrowing the Soviet Regime;

7- That no six weeks "official boss" of U.S.S.R., could permit anyone to really get to know Russian people, or really see conditions as they are.

Here we have a man, typical of many thousands in the over-run Countries of Eastern Europe. He is Lithuanian. He is a graduate Agriculturist and his wife is a graduate Pharmacist. His mother was 75 in 1940, but she was the widow of an M. D., and prominent as a lay worker in the Catholic Church, so she was sent to slave labour in Siberia, making roads—sixteen hours a day—with one meal, just a bowl of watered soup. The poor old soul lasted only fifteen days. Her son said that 50,000 aged Lithuanians alone were murdered in that way in 1940-41. How many red-blooded Americans would care for that treatment for their aged relatives?

Yet many might be so treated if a Soviet World Government is formed. Americans then would have no better chance than the Germans of Siberia in 1945 onwards, or the Lithuanian deportees.

8- That the Government of the U.S.S.R. has "liquidated" over thirty millions since 1917, and that there are nearly two millions, nearly all Russians, in penal servitude for life, for "crimes" that generally would not be indictable offenses in U.S.A.:

9- That the Government of the U.S.S.R. has flagrantly, openly and brazenly violated Sections 46, 47, 48 and 49 of the Hague Convention on War, and in our Law of Equity must stand convicted, as Equity cannot be pleaded by those who do not give equity; and, finally,

10- That politicians should be required to answer, and explain their position on the warning of Pope Pius XI:—"Communism is intrinsically perverse," etc. which we in this battle appreciate so well, and often use this quotation.

It is important to remember when refering to the "Government of the U.S.S.R." or the "Soviet Government," that in reality we are talking about the Jewish and Asiatic power, and not the Russian people.

PATRIOTS:

It is still possible to save our country from Marxist slavery, but there is only one way in which it can be accomplished. A sufficient number of people must be informed so that they know the facts. We must have Crusaders. If we remain indifferent, uninformed and do not make sacrifices, we will then go down as other countries have, for the enemy remains active.

I see I turn I feel
RED, WHITE & BLUE

I SEE RED as I vision the precious blood of the countless innocent millions drenching the sacred soil of our dearly beloved United States in World War III, staining it as red as the flag of those who spill it.

I TURN WHITE even at the thought of surrender by the United States to the Soviet Union, defeated by them with atomic and hydrogen bombs made from secrets stolen from us for them by traitors in our government.

I FEEL BLUE as I meditate that this fate may too soon overtake us because the nation is too busy making money and having fun to listen to those who still can tell them how they can save their country from ruin.

Only an informed nation can know how to save itself from destruction.
